GUIDE FOR AUTHORS

CONTRACEPTION invites concise reports of original research in the experimental and clinical aspects of all areas of contraception. The purpose of this journal is to provide a medium for the rapid communication of advances and new knowledge in this important field. The Editor anticipates receiving manuscripts from workers in the following areas of research: chemistry, biochemistry, physiology, endocrinology, biology, the medical sciences and demography. Publication of original papers within 90 days of manuscript receipt is planned. Authors will be advised of disposition of the manuscript within 30 days of receipt. Manuscripts should be sent to:

Daniel R. Mishell, Jr., M.D., Editor
Department of Obstetrics and Gynecology
University of Southern California School of Medicine
Women's Hospital, Room L1009
1240 North Mission Road
Los Angeles, California 90033

Authors outside the United States should address manuscripts to a corresponding editor in their own country. Authors in countries not represented by a corresponding editor should send their manuscripts directly to The Editor.
